

COMMON FROGS OF PAPUA NEW GUINEA

ROKROK LONG PAPUA NEW GUINEA —EDUCATION TODAY FOR TOMORROW— KWIK GUIDE #3 V. 2.1

Do not kill wildlife. We need to work hard to preserve the amazing wildlife of PNG for future generations. Think about preserving forests and wildlife for your children's children.

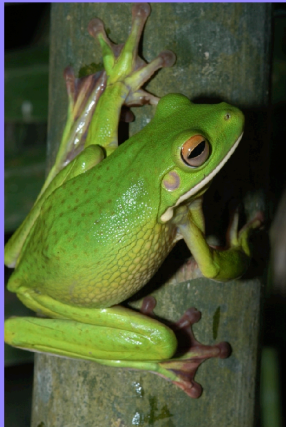

Noken kilim animal long bus. Yu mi mas wok hat long lukatuim kain kain animal long PNG. Tinting long lukatuim kain kain animal long bihain taim belong pikinini bilong pikinini bilong yu.

Uda dekenai idia noho mauri gaudia aladia lasi. Ita be namo ita gaukara goada inai mauri gaudia PNG lalonai naridia namo namo gabeai mai natudia totona. Emui uda bona mauri gaudia naridia namo namo oi emu natuna ena natuna totona.

Did you know there are more frog species in PNG than in Australia or America. There are more than 350 species of frogs in PNG. What species on this poster are found in your village?

Yu save olsem PNG more kain kain rokrok itap insait long PNG na i winim Australia na America. Insait long PNG i got 350 kan kain rokrok. Wanem kain kain rokrok itap long posta save painim long liklik hap long yu?

Oi diba PNG lalonai be paru paru toadia idau idau momo herea idia noho bema Australia bona America tanobada danu oi aheregerea neganai? PNG lalonai noho paru paru numera be 350. Inai laulau dekenai oi itaia edana paru paru be oi emu hanua dekenai ia noho?
